Dear Father,

Until the *Catholic Campaign for Human Development* permanently ceases to fund socialist, humanist and left-wing organizations such as Association of Community Organizations for Reform Now (ACORN and affiliates), the Industrial Areas Foundation and others, I must decline to contribute money towards it. These organizations funded by CCHD, while purporting to “help the poor”, are in fact actively working to undermine the Church’s true mission by their advocacy of socialism and their partnerships with pro-abortion and pro-gay organizations.

Be assured that monies that I would have contributed to CCHD are instead being contributed to truly worthwhile organizations that are seeking to promote the Faith, protect human life and establish God’s order in this world.
